About Nakshatra Digital

- • Nakshatra Digital is an digital company situated in the business hub of Lalitpur, Kuponhole. Our company specializes in the field of digitizing personal or corporate space. Nakshatra Digital is an electronics and software company that aims towards digitization of homes, offices, and cities with the help of technology. This includes surveillance systems, digital video boards to various home automation systems. Today in the fast-moving world, we expect everything to be instantaneous from services to entertainment and many more.. Everything today is being done with the use of technology. Nakshatra Digital was established with the vision of minimizing the need of daily iterative processes. After all, why not utilize our valuable time for better moments in life.

Nakshatra Digital today has been dealing in a multitude of areas. From security to entertainment to content delivery, we are ready for all types of challenges. CCTV cameras, LED Display Boards, Smart Boards, access control systems, GPS technologies, office accessories, and corporate software, we have them all.

Talking about our corporate structure, Nakshatra employs highly talented individuals. From our engineers to our technicians all are well trained and carry out the work such that it reflects the company's values and mission. In this competitive marketplace customers, partners and clients will definitely see us as a leading digital company. What separates us from others is our work where we go through all the detailing to match your necessity (& even more) to make our clients happy. After all, when a customer smiles, a company shines.

Mission

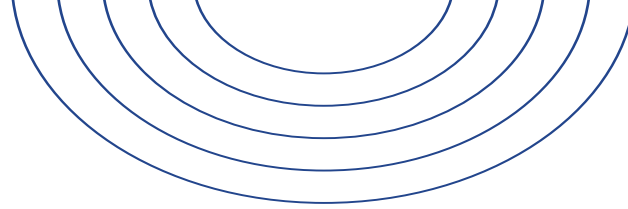

To build long term relationships with our customers and clients and provide exceptional customer services by pursuing business through innovation and advanced technology. We digitize your path towards success.

Vision

To be a leading player in the Digital industry by providing enhanced services, relationships and profitability.
